

# GLASSWASHER S030

*Dimensions 47x51,5x68,5 cm.*

*Basket 40x40 cm.*

*Wash height 30 cm.*

*Wash cycle 2 min.*

*Double tank filter.*

*Rinse aid dosing.*

*Micro switch safety door.*

*Constructed of catering grade 18/8 AISI 304 stainless steel wash tank with integral moulded basket slides.*

*Double skinned door and outer panels for additional strength and reduced noise levels.*

*Powerful anti-clog wash arms and contra-rotating light weight rinse arms for optimum results.*

Power supply	V	230V/1
Frequency	Hz	50
Max. power consumed	kW	2,77
Boiler element power	kW	2,6
Tank element power	kW	1,6
Wash pump power	kW	0,17
Water supply pressure	kPa	200-400
Inlet water supply temperature	°C	55
Water supply hardness	°dF	7 – 12
Water consumption per rinse	l	2,4
Wash water temperature	°C	50 - 60
Rinse water temperature	°C	82 - 85
Boiler capacity	l	2,7
Tank capacity	l	14
Standard cycle duration	s	120
Noise level	dB(A)	48
Protection rating	IPX	1
Net Weight	kg	44
Power cable type	◀HAR▶	H07RN-F
